Industry Directory

List your organization prominently in the ONA website tool

The ONA Industry Directory is a new way for sponsors to reach our audience of digital journalists in a useful, searchable database. Directory listings are the best way to have a year-round presence with the community.

You'll get a detailed overview

In addition to the logo and a description of your company, you'll be able to add social links and contact details.

Add a call-to-action

Listings in our premium tier receive four call-to-action listings of any length throughout the year. Use these to share unique offers or benefits to the ONA community or simply direct them to a useful resource.

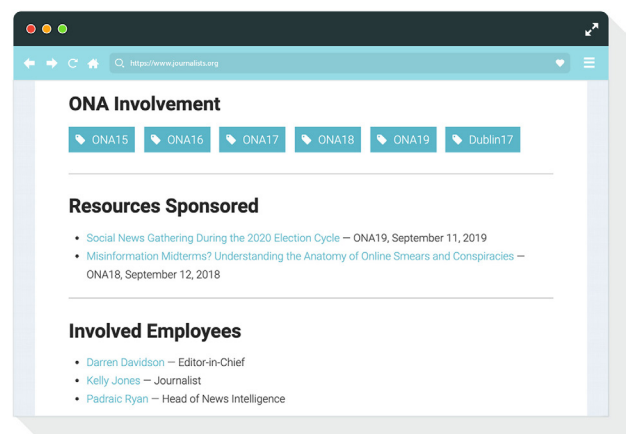

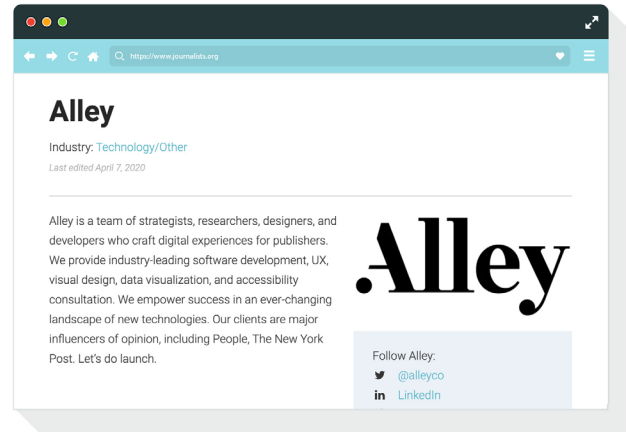

Show all the ways you've been involved with ONA

Active sponsors can be involved in myriad ways: sponsoring an ONA program, providing a resource, sharing a blog post, posting to the Career Center and encouraging their employees to be involved. All of these items can appear on a Directory listing to draw attention to your involvement.

Your listing doesn't expire

After your year-long listing is up, it won't be removed from the Directory, but lowered to our Basic tier. These listing appear at the end of directory archives without a logo, but they remain on the site as long as you're in business.

Sponsoring one of ONA's programs or events will automatically provide you with a one-year listing in the Active tier ONA Directory at no additional cost. Organizations may join the listed at any time. For more information, please read the FAQ at journalists.org/directory/faq

Digital Advertising

Show your support for our community with a leaderboard display ad

Show your support of the ONA Community where they are — in the content of the ONA digital network. With a digital ad you will have the exclusive sponsor message on a given page.

About our audiences

The ONA community is a diverse collection of digital journalists and technologists in all career levels. ONA will promote posts on networks including Twitter, Facebook and via ONA e-newsletters (global reach of 100,000+ digital journalists).

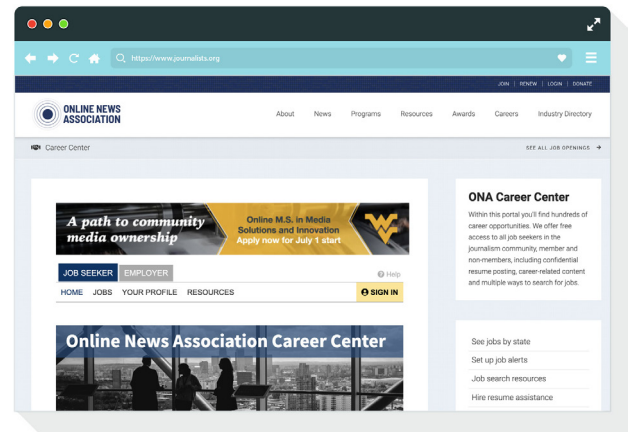

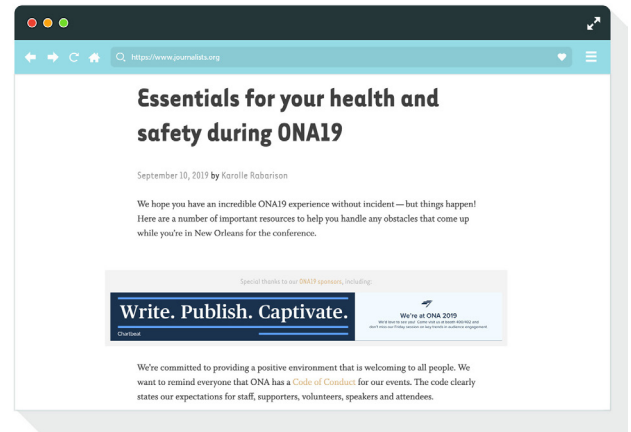

Ad Placement

Only one ad is displayed per page in the ONA network, giving your organization tremendous visibility as an ONA supporter. Leaderboard ads are placed within the content of most blog posts on [journalists.org](https://www.journalists.org) and our conference site. These posts are of high value to the ONA Community and often represent program announcements, community updates and new resources. On the ONA Ethics site, ads are placed within topical essays and on the user dashboard. Career Center ads are placed at the top of all pages within the portal.

Duration and Specs

Ads will run for one month. A maximum of two sponsors will be in rotation at any given time. We allow up to three sponsors to be in rotation on the conference website, excepting the 2 weeks leading up to and including the annual conference.

Creatives should measure 1456 px x 180 px and be sent in .png or .jpg formats.

Pricing

Annual Conference	\$500
Career Center	\$750
journalists.org	\$500
ONA Ethics	\$500
